Complete Single-Source Solutions

When EPCs and Developers need a dependable solar carport or canopy mounting solution, they turn to RBI Solar. As a single-source provider, RBI Solar is focused on reducing total project costs through complete responsibility for the Design, Engineering, Manufacturing, and Installation of efficient PV racking solutions. When you choose RBI Solar for your next solar carport, you're choosing peace of mind that your project is in the hands of the most trusted racking team in the industry.

Why choose RBI Solar?

- Maximize parking lot functionality
- Single-source solution for canopy structure design and construction
- No on-site welds for faster install
- Multiple manufacturing facilities
- Variety of finishing options available
- In-house engineering team licensed in all 50 states
- Pre-construction design and support resources available
- Water management available
- Multiple foundation options
- DSA options available

Tee-Shape Canopy Solution | CP-Tee

- Most cost-effective solution
- Aisle and perimeter options
- Ideal for budget-focused projects

Truss Solution | CP-Truss

- Accommodates higher snow loads
- Architectural aesthetic appeal

Longspan Solution | CP-LS

- Provides full coverage
- Custom lengths designed per site

Garage Solution | CP-G

- Engineered to existing structure
- Architectural design options for aesthetic appeal
- Directs snow and ice away from drive aisles
- Compatible with CP-Tee, CP-Truss and CP-LS

Inverted Solution

*Optional Customizable Features to All Canopy Structures above include:
Foundation Options, Finishes, Decking & Gutters and/or Snow guards*

Over 100 carports constructed in the last 5 years

Single-Source Provider

DESIGN

RBI Solar's in-house designers provides complete structural and foundation design. It is our focus to deliver the most effective and efficient racking solution for each project's site specific conditions.

ENGINEERING

Our licensed in-house engineers incorporate and analyze data from certified geotechnical reports, on-site pile testing and all applicable codes/loading considerations when designing each individual project.

MANUFACTURING

Having multiple state-of-the-art manufacturing facilities with vertical integration and refined manufacturing protocol, ensure RBI Solar delivers on overall quality of product with reduced lead times for material delivery to job sites.

INSTALLATION

RBI Solar provides single-source responsibility with in-house project management and a network of installation crews. Overall project coordination allows RBI Solar to focus on delivering projects on time and within budget.
